Workshop on Developing a Cochrane Systematic Review

January 11-13, 2017
The Mount Washington Conference Center
5801 Smith Avenue, Baltimore, Maryland, USA

Details: This workshop guides participants through the steps of developing a systematic review and includes presentations about Cochrane methodology, hands-on practice using the Cochrane's Review Manager (RevMan) software, and a statistics review session. It is limited to Cochrane review authors who have a registered title, protocol, or review in The Cochrane Library. If you are interested in the workshop and completing a Cochrane review but don't yet have a title, please contact us so we may help you with registering a title.

For additional information or to register for the workshop:

Internet: www.eyes.cochrane.org
Email: kfapohu1@jhu.edu

Objectives:

Upon completion of this workshop, participants will be able to –

- Describe the steps required to critically appraise original research studies
- Describe the process used to collect and extract data from reports of original studies
- Describe the process of analyzing, presenting, and interpreting the results of meta-analyses
- Enter and analyze data for a systematic review using the Cochrane's RevMan software
- Identify and resolve questions and challenges encountered during the completion of a Cochrane systematic review

Wednesday, January 11, 2017 8:30AM – 5:30PM*

Thursday, January 12, 2017 8:30AM – 5:00PM

Friday, January 13, 2017 8:30AM – 12:00PM

*Note: a reception will follow the workshop activities on Wednesday, concluding at 8:00PM.
